Ned's Point

If it can be said that a town has a focal point - a magnet of interest, then Ned's Point Lighthouse is such to Mattapoisett. For all of our lives and before anyone living today, the light has guided mariners home. In summer, it is our relief from heat, our unexcelled view of the bay and our playground park on the sea. It is most fitting that our historic beacon has been placed on a list of national recognition of the fact that we know. It is living history.

A Certificate of Appreciation was read to Mr. Nunes by Selectmen Chairman John N. DeCosta and signed by Selectmen William F. Hubbard, Frank M. Suzan and Mr. DeCosta. The certificate noted Mr. Nunes had also served as Herring Inspector for six years during the years 1930-1936.

Chairman DeCosta noted that when "Manny" was first elected as Highway Surveyor elections were held annually on the first Tuesday in February. In fact, it was exactly 50 years ago this past Tuesday, February 2nd, that "Manny" was elected.

Manny came to the office of Highway Surveyor at a difficult time. When the infamous September 1938 hurricane hit the town it really showed what he could do at handling

the highway department. In the 1938 Town Report, the Highway Surveyor wrote, "I desire to take this opportunity to express my appreciation and thanks to the Board of Selectmen and all those who have cooperated with me in making my first year as Highway Surveyor a successful one."

He has certainly made a success of the office of Highway Surveyor by being elected continuously for 50 years. He expressed appreciation to the Selectmen and the many friends who wished him well. He thoroughly enjoyed the cakes made especially for him by Carol Adams, Selectmen's Executive Secretary, and Mrs. John DeCosta.

Mattapoisett Selectmen's Meeting

FEBRUARY 2, 1988-by VIRGINIA MORGAN

ZONING CHANGES RECOMMENDED

As a follow-up on the proposals presented by the Zoning Board of Appeals on January 12th, the Appeals Board members last Tuesday resubmitted to Selectmen the proposals with changes suggested by Selectmen.

Spokesman for the Appeals Board Daniel O. Mahoney said the new submission essentially separates out the permitted uses to cover some restrictions the town could have some say on, such as traffic and the exits and entrances of businesses. Originally, Mr. Mahoney said, "We wanted to limit the description of business use in a retail establishment."

Mr. Mahoney said, "The Zoning Board has had a couple of submissions to make the entrance front moved to the back and thus reverse the businesses' traffic flow. One request was from Wayne Walega concerning the Post Office, Cumberland Farms and the Seaport Pharmacy complex. The other is the Plymouth Savings Bank. Both have short distances on the street (Route 6) side causing traffic tie-ups". Both are presently under consideration by the Appeals Board, with decisions expected this month, a spokesperson in the Appeals office noted.

Mr. Mahoney explained, "We want to cover essentially what is there and not what will be there. If

there are shopping malls to come we would have some safeguards as to traffic. Car dealers and fast food restaurants should have special permits."

Selectman William F. Hubbard commented, "You (the Appeals Board) did a nice job - well done. I have just seen the proposal today. We would prefer to get proposed changes like this in time for an in-depth reading," said Selectman Hubbard.

Selectmen Chairman John N. DeCosta agreed, saying, "This proposal is a big improvement over the last proposal. We prefer to take Zoning changes to an annual meeting rather than a special town meeting." Mr. Mahoney responded saying, "In the future the Zoning Board should start sooner to recommend changes - admittedly we got a late start this year."

Town Clerk Lois K. Ennis said she feels comfortable with the changes. She noted the public hearing on the proposed changes could be held on March 15th in order to be heard by the voters before the annual town meeting on May 2nd. Copies of the proposed changes will be available in the Selectmen's office to business persons. Specifically, the

RECEIVED REQUESTS from two construction companies to be considered in the plan to create affordable housing in Mattapoisett.

The first plan was from Lincoln House Associates of Jamaica Plain who submitted plans following a phone conversation with Chairman DeCosta. Lincoln House Associates will soon be building a development in Lincoln and expressed an interest in either development opportunities or on a consulting basis. This company has served as consultant to the towns of Southborough, Andover, Milton and Acton.

The second letter came from Beauregard Realty and Construction Company of New Bedford. Robert T. Beauregard wrote that his company has daily experience working with low income families through various state and federal housing programs as well as construction of units. Both letters were placed on file.

SELECTMEN'S RACE WIDENS

With only nine days remaining (until February 19) to take out nomination papers for the April 5 Town Election, a new candidate has entered the race for the office of Selectman being vacated by Frank M. Suzan. Selectman Suzan has indicated he will not seek reelection.

Daniel O. Mahoney, 59, of 1 Goodspeed Island, an attorney with the Boston firm of Palmer and Dodge and a member of the Mattapoisett Zoning Board of Appeals, is opposing former Selectman James F. Huntoon and Bernard F. Talty.

Others who have taken out papers are Maureen Best, reelection to the Mattapoisett School Committee;

1988 Tri-Town Phone Directory

The League of Women Voters of the Marion, Mattapoisett Area is pleased to announce that its 1988 Directory will include all of Rochester as well as Marion and Mattapoisett, thus making it a truly Tri-Town book.

The Directory Committee has already mailed out renewal forms to all regular advertisers and all present classified listings will be telephoned. League volunteers will now be soliciting advertisements both from new businesses and services and from established ones which might benefit from total tri-town exposure. Any business or service which wishes to be sure of inclusion or which needs more information may write to the League of Women Voters, P.O. Box 812, Marion, MA. 02738, or telephone Director Coordinator Jay Crowley at 748-0117.

The Directory will be distributed free to all postal patrons in the towns of Marion, Mattapoisett and Rochester. Subsequently, it will be given to new residents and extra copies will be available for purchase. Also, as a community service, additional copies will be given, on request, to town government offices and schools.

The LWV is a non-partisan volunteer organization which serves the community in many ways: it sponsors pre-election candidates' nights and informational meetings on current issues, supports education, and works to protect the environment.

Drug/Substance Abuse

In conjunction with O.R.R. High School, SCORR will be holding their next meeting on Drug/Substance Abuse Thursday, February 11th, at 7:00 p.m. in the ORR Cafeteria.

Because the success of this program depends greatly on community support and participation, we urge you to join us for this meeting.

motor running to keep warm on that frigid morning, when he heard and felt a bump and then found himself upended on the ramp.

Mr. Souza opened the door on the driver's side and helped Mr. Huggard to the surface of the wharf. A wrecker was called which tried to winch the car out of the water but the angle proved too much for that method. Shortly after, Brownell Boatyard was called and the giant skyhook was pressed into service. The angle of the car's entry was so steep that the vehicle had to be lifted almost straight up until the front end could be rested on the wharf curb. By the time the Dodge regained the surface, the wharf was full of cars and people as the unusual sight attracted passersby.

Mr. Huggard was apparently uninjured by his ordeal.

AUSTRALIA DAY

Both students and teachers of Old Hammondtown School held Australia Day on January 26th along with Australia to celebrate that country's Bicentennial year.

Also participating in this program is the Zig Zag School staff and students, located in Lithgow, outside of Sidney, Australia.

Many activities were planned to commemorate the day. The school was decorated with flags, thematic

Social studies, language and math lessons were geared to the day, videos and filmstrips were presented and Australian songs and music presented.

Special events were developed and conducted by Lift students at all grade levels.

The fourth graders competed in a koala hunt. Sixth graders planned a mini-America's Cup race for which they had to design and build their own craft. Fifth graders dressed in costumes characteristic of Australia.

Those interested in the culinary arts tried out an Australian recipe and developed an original one, "Lamingtons", small squares of cake dipped in chocolate frosting and rolled in finely grated coconut.

To introduce Old Hammondtown School to the Zig Zag School in Lithgow, a birthday package was mailed to the Australian school. Included in the package were the school's handbook, a newsletter, a calendar and a video of the fourth grade cranberry unit activities, along with items related to the

QUESTION:

HOW DO EMPLOYEES & COMPANIES BENEFIT FROM CHIROPRACTIC SPINAL MANIPULATION?

ANSWER: With higher performance and more productivity.

When a worker is sidelined because of a health problem, everybody loses.

The company loses a valuable employee which could mean a loss of production. The worker loses self-confidence in addition to suffering pain and disability. The family unit loses part of its income, so important to maintaining a standard of living. The union loses part of its health and welfare fund in payments and other benefits.

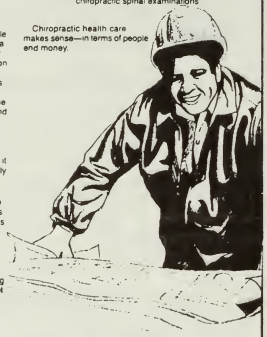
Obviously, there is no way of eliminating on-the-job and off-the-job injuries entirely. But it would be helpful and less costly for all if time for recuperation could be reduced.

Chiropractic can reduce time off. In fact, comparative studies of Workers' Compensation cases from a number of states prove chiropractic's effectiveness in getting injured employees on their feet faster.

Imagine the advantages of eliminating hospitalization. Being treated on an out-care basis. Not being subjected to the hazards and expenses of drugs and surgery.

Here's what you can do:

- Get to know the chiropractic health method and its benefits.
- Make chiropractic services available to employees in any health and welfare or insurance program with which you are associated. Insist upon it.
- Recognize the importance of structural health. One of the best safeguards against illness and disease is to practice a program of health care which includes chiropractic spinal examinations.



Chiropractic health care makes sense—in terms of people and money.

CECIL CLARK DAVIS GALLERY-1988 SEASON

The Cecil Clark Davis Gallery of the Marion Art Center will open its 1988 season with an exhibition of paintings by Dana Parsons. Mr. Parsons is an employee at Sippican Ocean Systems and resides in Pocasset. He was born in Indiana, raised in Germany, and later moved to this area. A graduate of Bourne High School, Dana later attended the Art Institute of Boston, concentrating on their illustration program.

About 1985 Dana Parsons began painting in watercolors and his style is quite personal. "I enjoy the seasons whether it is abstract or realism", he states. His work has been exhibited at the Falmouth Artist Guild and at the Plymouth Handicapped Artist Show. This is a first one-man show. The opening

The Post Office changes are part of an adjustment of about 10% nationally in retail hours. It comes as a result of the Omnibus Budget Reconciliation Act, which returned the Postal Service to the unified federal budget and requires the agency to cut expenditure levels by about $1.25 billion over the next 21 months.

The change of hours of operation of the Post Office was ordered by the U.S. Postal Service's Providence Division Headquarters after a study of daily Post Office business volumes.

PROJECT GROW
OFFERS SCREENING FOR 3 & 4 YEAR OLDS

Beginning Friday, February 26th, and then monthly thereafter (on the last Friday of the month) through the end of the school year, Project GROW will be offering screening of three and four year old children residing in the towns of Marion, Mattapoisett and Rochester. The purpose of the screening is to identify young children with potential learning problems.

It is estimated that 10 to 20 percent of school-age children suffer from learning problems which seriously affect their school achievement. Early identification of these problems and appropriate intervention can greatly help them to achieve normal functioning and school success.

suggestion of underwriting the sewer and water project needed to develop the Nunes' Brandt Island property, it was brought out that one possibility might come about where several other developers possibly might join in the cost of putting in the expensive water and sewer deal because then a number of other possible development areas would be opened up.

One thing that should be considered immediately is a going over of our zoning laws and regulations. It was said that our zoning laws are about the most lenient around, and should be looked into and be revamped before more large development hops on our doorstep, and we don't find ourselves locking the barn door after the horse is gone, and getting sued in the process.

One woman brought out an interesting sidelight on cluster zoning, where, I take it, the homes, etc. are bunched on part of a tract to leave an open space area, which she said occasionally resulted in a wetland or swampy area being considered the "open" land so I suppose the children could play ball on soggy ground or water. these little details should be considered.

Having a full or part-time planner was looked on favorably, practically a necessity.

Some set procedure should be worked, say whereby a building development has to first go to the Town Planner and the Selectmen, then the Planner would give a detailed report to the Growth Committee to allow all interested citizens to be heard at a meeting and go from there.

Just my note on notices for zoning changes, variations, I wish just as a matter of interest our public servants expend the energy to put in the paper not just some lot on plot on the zoning map, and add say - 46 Heavenwood Avenue.

Also, on the Brandt Island deal, what approximately would be the maintenance cost, and running expense of a sewerage pumping station which I heard would be required. How soon would we need another water tower in that area at what cost.

Eventually we will have to progress but it's interesting to figure out details, costs, combinations of possibilities, how to bring development and yet not price the inhabitants out of their homes.

If the town did opt to buy the land whole or part, the 90-day period would probably come into play. If the town were to try and buy the water coastal park would taking what was most desirable fly or not?

As I understand bits and parts, the state might have money available to assist, the Audubon and other groups might be willing to help.

In that respect it was mentioned that that tract was on a state money list; in fact, I think number 2 on the list, and we were all urged to write to our State Representative urging the selection of this tract.

So, as old John Danforth at Mattapoisett Gulf Hill Stand, at the sign of the swinging cow's tail would say - "Put it on the high speed".

Investment Seminar

AT ELIZABETH TABER LIBRARY

Josephthal & Company, Inc., a member of the New York Stock Exchange, is pleased to announce a series of investment seminars to be held at the Elizabeth Taber Library on Spring Street, Marion.

The recent volatility of world financial markets has undermined the confidence of even the most conservative investor. These seminars are designed to keep individuals informed of current investment trends and ideas in addition to financially benefiting the library. Our discussions will begin promptly at 7 p.m. on the following Tuesdays. Refreshments will be served. Each following Wednesday is reserved as a snow day.

February 16 - "October 19, 1987", a discussion of what is now referred to as "Black Monday". The reasons as to why and where we can go from here will be addressed.

February 23 - "Opportunities Facing Fixed-Income Investors". Government Bonds, GNMA',s Currency Bonds et al will be reviewed.

DECISIONS BY ZONING BOARD OF APPEALS
by VIRGINIA MORGAN

One application for a Special Permit was granted and one was denied by the Mattapoisett Board of Appeals, the board announced February 1st.

The application of Robert A. Alves, 22 Chapel Road for a Special Permit for construction of an 8 foot shed to replace a previously existing shed on a lawfully nonconforming lot was approved. The decision was based on the proposal that the shed

is in harmony with the general purpose and intent of the zoning by-law and will not be detrimental to the established and future character of the neighborhood and the town.

The application of Alan W. and Cynthia M. Medeiros, 127 Brandt Island Road, relating to property owned by them on Jowick Street for construction of a single family residence on the south side of Jowick Street has been denied.

The two lots are held in common ownership by the applicants and thus constitute a single lot under the zoning by-law. The applicants' request for issuance of a special permit is for the Board to allow a division of what has become one lot by virtue of common ownership, returning the property "back into two lots" as they were in the original subdivision of 1973. The combined lots contain 33,891 square feet.

The first hearing on the application was held on October 15, 1987 with a number of neighbors attending. Questions were raised as to the location on the ground of the septic system for the applicants' house. A new division line between the proposed two lots could not revert to the original subdivision line if the septic system was located wholly or partly north of the old subdivision line. There was insufficient evidence before the Board to determine this threshold question.

A second hearing was held on December 17, 1987 to enable the applicants to present more evidence to the Board. This also was attended by a number of neighbors. One lot contains 18,307 square feet, and the second lot contains 15,584 square feet. In 1973 the density regulations of the zoning by-law in this district required a lot size of 15,000 square feet. The current lot size requirement is 30,000 square feet. Lots in the neighborhood are in the range of 15,000 to 21,000 square feet. "We are being asked to issue a special permit in 1987-1988 for construction of a single family residence on a lot which is approximately 50 percent of the lot size now required." The concerns expressed by the neighbors was one of opposition. In particular, the neighbors cited surface water drainage problems in the neighborhood. The Board found that the proposed single family residence with well and septic system will result in an over-concentration of wells and septic systems if added to what is already an area with a high concentration of residences, wells and septic systems. "We find that the proposal adds a risk of increased surface water drainage problems in the neighborhood."

according to Anne Whitney Roper, chairperson of the department of math and science.

"It's exciting to find out what guides and makes our universe special. The program falls mid-week during the school vacation. We thought it would be fun for parents and kids to learn about various constellations and seasonal skies. Parents can't often find a place to take their children for free that is both interesting and enjoyable to every family member. Plus our planetarium has just had a face-lift, and we want a chance to show it off," said Roper. The program takes place at 11 a.m. Everyone who attends will receive a free star chart and Mr. Owen will explain its use.

"The planetarium has been used in the past for special events and meetings. But a few years passed when it didn't serve the Fall River community as much as we would have liked it to. Our plan is to make it available to the community for meetings and get-togethers very soon, and have regularly scheduled planetarium shows," she said. Civic groups, clubs, and non-profit organizations are encouraged to reserve time for their group to enjoy the planetarium.

For more information on the planetarium show or future community use, call the College at 678-2811, ext. 207.

SENIOR NOMINATED FOR STATE SCHOLARSHIP

Christopher Franks, a Senior Electronics student at Old Colony Regional Vocational Technical High School, has been nominated for one of ten scholarships available in the Robert C. Byrd Scholarship Program. Chris will compete against High School Seniors residing in his Congressional District.

Chris would use the scholarship to assist him in attending Southeastern Massachusetts University in the fall. Chris is a student athlete at Old Colony having lettered in football, basketball, and baseball. In addition, Chris is a member of the National Honor Society, the Student Council, and the Golf Club. Last year Chris successfully completed Southeastern Massachusetts University's Project Spotlight Program. Spotlight is an after-school enrichment program for gifted and talented students. In October he was co-recipient of the "M.A.S.S. Certificate of Academic Excellence". He currently ranks second in his class.

ORR STUDENTS PARTICIPATE IN MARINE STUDIES SYMPOSIUM

Students from Old Rochester Regional High School participated in the High School Marine Studies Symposium at Framingham State College on January 14th. They were among more than 400 Massachusetts students to take part in a full day of lectures and workshops focusing on environmental and marine science.

They shared the slides and stories of Prentice Stout of Biomes, who, in his recent visit to the Galapagos Islands, retraced the footsteps of Charles Darwin. They also learned from Stephen Hunt, formerly of Save the Harbor/Save the Bay and now with the Massachusetts Water Resources Authority, about the need and the effort to clean up Boston Harbor.

In addition, students participated in several workshops, choosing from a menu of 21, each led by a science professional. Topics included marine invertebrates, birds, mammals and turtles; endangered marine species; weather; coastal geology; sea level rise; aquaculture; seaweeds; coral reef ecology; marine census-taking; skin diving; and career opportunities in marine science.

This was the fifth annual symposium for high school students sponsored by Massachusetts Marine Educators.

ROBERT BLAKE:
A NEW BEDFORD HOMECOMING

To celebrate Black History Month, the New Bedford Whaling Museum announces a special exhibit, ROBERT BLAKE: A NEW BEDFORD HOMECOMING, which will be on view from February 17 through March 8.

The Museum will be open free to the public from 1 to 5 p.m. on February 17 as part of the free Wednesday afternoon program, with a reception to meet the artist beginning at 3:30 p.m.

Approximately 20 of Mr. Blake's paintings will be shown, including landscapes and subjects from the black experience.

Mr. Blake began painting as a child in New Bedford, then studied at the Swain School of Design. Now retired from a career in the Air Force, Mr. Blake lives in Denver, Colorado. A grant from the New Bedford Arts Council has been awarded to facilitate the transportation of his paintings to New Bedford for this exhibit.

The Whaling Museum is located on 18 Johnny Cake Hill, New Bedford. For further information call 997-0046.

OPEN FREE WEDNESDAY AFTERNOONS

The Whaling Museum will again be open to the public free of charge each Wednesday afternoon in February from 1 to 5 p.m.

Other current special exhibitions include NEW BEDFORD TRANSFORMED: 1876-1917, which tells the story of the people who worked and lived in turn-of-the-century New Bedford. The exhibit portrays the decline of the whaling industry, the beginnings of commercial fishing, the arrival of immigrants, the growth of the textile and glass industries, and the arts and crafts movements. Glass enthusiasts will not want to miss an entire room dedicated to MASTERPIECES OF MOUNT WASHINGTON ART GLASS.

Free open house on February 3 and 10 was made possible by a grant from Silverstein's.

"GAMES" - FEBRUARY VACATION WEEK

The Whaling Museum offers children's workshop: GAMES", available for first through fourth graders during February Vacation Week.

Games have delighted generations of children. Many games have survived in adapted form. The Whaling Museum invites young people to play and create games rooted in the past.

Wednesday, February 17:
Grades 1 and 2, 9:30 to 11:30
Grades 3 and 4, 10:00-11:30

The cost is $5.00 per child and is limited to 10 children per group.

For further information and reservations please call Pat Howard at the Museum, 997-0046.

Big Band Galaxy of Stars

The BIG BAND GALAXY OF STARS, recreating that timeless sound that can still set feet tapping and hearts beating, will perform at the Zeiterion Theatre on Wednesday, February 17th, at 8:00 p.m. This group of memorable stars includes Jimmie Rodgers, Maxene Andrews, Johnny Smith's New Ink Spots and The Kay Kyser Orchestra with Harry Babbitt along with Kay Kyser's Kollege of Musical Knowledge. Their appearance is made possible through the sponsorship of Entre Computer Center. Tickets are priced at $19.50, $17.50

Each era of entertainment features performers who go down in the annals of show business as "All Time Greats". Some of these performers from the Big Band Era have been brought together in the Big Band Galaxy of Stars.

Jimmie Rodgers began his career as a nightclub performer in Nashville, Tennessee, and in his hometown of Camas, Washington. In 1957 he moved to California, and after making several appearances in clubs and on the Bob Crosby and Art Linkletter TV shows, he auditioned for the "Arthur Godfrey Talent Scout Show", and won. Soon he had a million-selling record, "Honeycomb", followed by such hits as "Kisses Sweeter Than Wine", "Secretly", and "Are You Really, Really Mine?" Today he continues his writing, recording and performing, and is presently negotiating with a major movie studio for "The Jimmie Rodgers Story".

Maxene Andrews began her singing career as a member of the renowned trio, the Andrew Sisters. Comprised of LaVerne, Patty and Maxene Andrews, they had their first big hit recording, "Bei Mir Bist Du Schoen", in the late 1930s, and during World War II they entertained the servicemen. Their list of million-selling recordings includes "Beer Barrel Polka", "Rum and Coca Cola", "Apple Blossom Time", "Beat Me Daddy, Eight

to the Bar", "Don't Sit Under the Apple Tree", and many others. La-Verne's death in 1967 seemed to signal the end of an era, but Maxene and Patty did go on to star in their own smash hit on Broadway, "Over Here". At this time the two Andrews Sisters began to develop their own solo talents. Maxene Andrews created her own one-woman show which has since toured in concert halls, clubs, and theatres throughout the United States and Canada.

A mellow sound, a high tenor lead, choreographed gestures, and deep-voiced spoken choruses distinguished the original Ink Spots from other popular singing groups of the 1940s. Formed in 1932, the quartet recorded many hit songs for Decca Records including "If I Didn't Care", "I Don't Want to Set the World on Fire", "Into Each Life Some Rain Must Fall", "Java Jive", "Maybe", and many others. In 1938 Johnny Smith joined the Ink Spots as an extra singer. After the death of the original quartet members, Mr. Smith continued the musical tradition of the Ink Spots. Mr. Smith's group presents the same musicality and format of the original Ink Spots, with the permission of Audrey Kenny, wife of the deceased leader of the Ink Spots, Bill Kenny.

Harry Babbitt's distinguished career as a singer and show business personality spans over four decades. He was instrumental in helping to establish the famous "Kay Kyser Kollege of Musical Knowledge" on NBC, which was broadcast from New York, Chicago and Hollywood for many years. From 1938 through 1944 Mr. Babbitt was the lead male singer with the Kyser band and with his help they made seven motion pictures in Hollywood; recorded many hit songs in-

Most recently Mr. Babbitt's busy schedule has included guest appearances at the famed Rainbow Room in New York's Rockefeller Plaza, as well as a performance at the Waldorf Astoria Hotel in the PBS three-hour television special, "Sentimental Journey", a salute to the great Big Band singers.

The Zeiterion Theatre is located at 684 Purchase Street in historic, downtown New Bedford.
